PROFESSIONAL SUMMARY

Detail-oriented **Graphic Designer & YouTube SEO Specialist** with professional experience at Adda247 Education Pvt. Ltd., supporting channel optimization, video discovery, and creative asset production. Proven track record in boosting Click-Through Rates (CTR) through high-converting thumbnail designs, executing comprehensive video SEO (targeted metadata, keyword indexing, and tagging), and assisting with day-to-day channel workflows and social media content distribution.

WORK EXPERIENCE

Adda247 Education Pvt. Ltd.

6 Months

Graphic Designer & Social Media Support | New Delhi

- YouTube SEO & Optimization:** Conducted keyword research to rank video lessons on high-volume search queries; optimized video titles, tags, timestamps, and description boxes to maximize organic search visibility.
- High-CTR Thumbnail Design:** Created high-converting, attention-grabbing custom thumbnails using Adobe Photoshop and Illustrator, driving measurable increases in organic CTR.
- Channel Support & Scheduling:** Assisted the channel team with regular video publishing schedules, playlist structuring, community tab posts, and content asset organization across educational streams.
- Performance Tracking:** Analyzed YouTube Studio metrics including Impressions, CTR, and search traffic sources to refine thumbnail hooks and metadata.
- Cross-Platform Content:** Designed promotional creatives and repurposed key video moments for Instagram and YouTube Shorts to drive audience engagement.
- Production Deadlines:** Consistently delivered daily thumbnail sets and promotional graphics adhering strictly to brand design standards and live-stream turnaround times.

CHANNEL GROWTH & SEO EXPERTISE

- Search Optimization:** Keyword discovery, competitor tag analysis, searchable title formulation, and long-tail query indexing.
- CTR Strategy:** Contrast balancing, readable mobile typography, and emotion-driven focal points for video thumbnails.
- Channel Best Practices:** End screens, info cards, structured playlists, and viewer retention cues to improve session watch time.
